

REMARKS

Claims 7 and 14 have been amended. Claims 1-19, as amended remain in the application. No new matter is added by the amendments to the claims.

A Notice of Allowance has been received in the above-identified application, but the issue fee has not yet been paid.

Upon reviewing the allowed claims, Applicants noted that Claims 7 and 14 incorrectly stated that the reflector was mounted in said light portion between said lamp assemblies and said lens opening. As shown in the drawings (Fig. 1) and described on page 6 at lines 27-30, the reflector 100 is mounted on a posterior side of the lamp assemblies in the light portion 14.

Entry of this amendment is respectfully requested.
